

Artur Silveira de Albuquerque

PRODUCT & VISUAL DESIGNER

Porto Alegre, Brazil
arturmethod@gmail.com
Available for global remote opportunities

Product designer working across e-commerce, interface design, visual systems and AI-assisted development. I connect user needs, business goals and technical constraints, then carry selected directions into responsive implementation.

EXPERIENCE

Rodociclo Bikeshop

May 2025 - Present

Product, Web & Visual Designer - Social Media Manager

- Redesigned and implemented the e-commerce experience within the Tray platform using HTML, CSS, JavaScript and Twig.
- Worked across user experience, responsive flows, product presentation, visual assets, customer feedback and social content.
- The redesign contributed alongside marketing, commercial and operational initiatives as monthly online sales grew from a previous maximum of about R\$10,000 to R\$30,000-R\$50,000.

Bike Tech Moinhos

June 2025 - Present

Product, Web & Visual Designer - Social Media Manager

- Redesigned and implemented a premium bicycle e-commerce experience within Tray using HTML, CSS, JavaScript and Twig.
- Focused on catalogue organization, product discovery, responsive behavior, visual consistency, purchasing flows, promotional assets and social content.

Wave Marketing

2025 - Present

Visual Designer - Video Editor

- Develop visual design and video editing work using image, motion and short-form content workflows.
